DESIGNS IN PROGRESS

2022 was an exciting year for our team and this new year promises to be just as thrilling. We are honored to be designing new interiors overseas, in New York, and in some of Florida's most celebrated addresses.

You can find our latest designs on the [Portfolio](#) and [In Progress](#) pages of our website. And be sure to follow our [Insta Stories](#) where we take you on virtual field trips to watch our designs take shape.

THE ULTRA-LUXURY DIFFERENCE

Britto Charette works with some of the industry's most talented vendors and artisans to create sophisticated design solutions. Our team is proud to design **custom furniture** and accessories in-house for our clients.

DESIGN COLLABORATION

We are honored to have received the **Built Design Award** for our Ritz-Carlton Miami Beach penthouse design. Currently in progress, the interior features a design collaboration between Britto Charette and **ART SPACE NYC**. You can [read about the custom headboard collaboration here.](#)

NEW ARRIVALS

Susel Aleman Legra, one of our new team members, joined us after years spent studying and working in Paris. Her role as **industrial designer** means she's making magic happen behind the scenes--using our software, 3D printer, Wacom, and more to bring our designers' furniture and accessories to life.

Draftsperson and design enthusiast **Daniel Flores Vidal** also joined our team in 2022. He brings his extensive knowledge of drafting, AutoCAD, 3D modeling, and expertise in photo-realistic renderings to the firm.

And...our Britto Charette family continues to grow with the adorable addition of Baby Alessia. Congratulations to **designer Arianna Castro** and her new family!

LOOKING FORWARD

As we move into the new year, we want to thank all of our clients, vendors, followers, and friends for your continued support of our team. We truly **love interior design** and appreciate that we get to do what we love every day. We hope you'll stay tuned to see more of our work this year. Cheers!
